SOCIAL DISTANCING PRODUCTS

Sustainable safety solutions for Office, Leisure, Retail, Education & Working Environments

Contact: info@pacs-packaging.co.uk T: 01509 434124

Are you ready to return to work?

The Covid-19 pandemic has made us re-think, re-adjust and re-design essential protective kits for your social distancing practices. We design and supply the best solutions for office, business, retail, leisure, educational & essential working environments.

Our innovative safety kits offer an affordable, reusable and greener solution to ensuring a safe environment, using readily available materials and design options which can be configured to your requirements.

Avoiding heavy acrylic, bulky packaging, long lead times and high costs we aim to be an alternative, sustainable and reliable supplier for your safety solutions.

We achieve this by working with our network of local UK suppliers and inhouse production facilities in the heart of the UK, to provide you with a reactive and reliable service.

Our standard design options can be customised or resized to meet your specific needs.

We-Fab Economy Screen

Value engineered protective screen

The We-Fab Economy Screen can be adapted to fit around your space. Using a clip system, the screens can be connected to create longer screens for larger spaces or corner brackets to close off areas and to secure more challenging areas within your environment.

Product Specifications

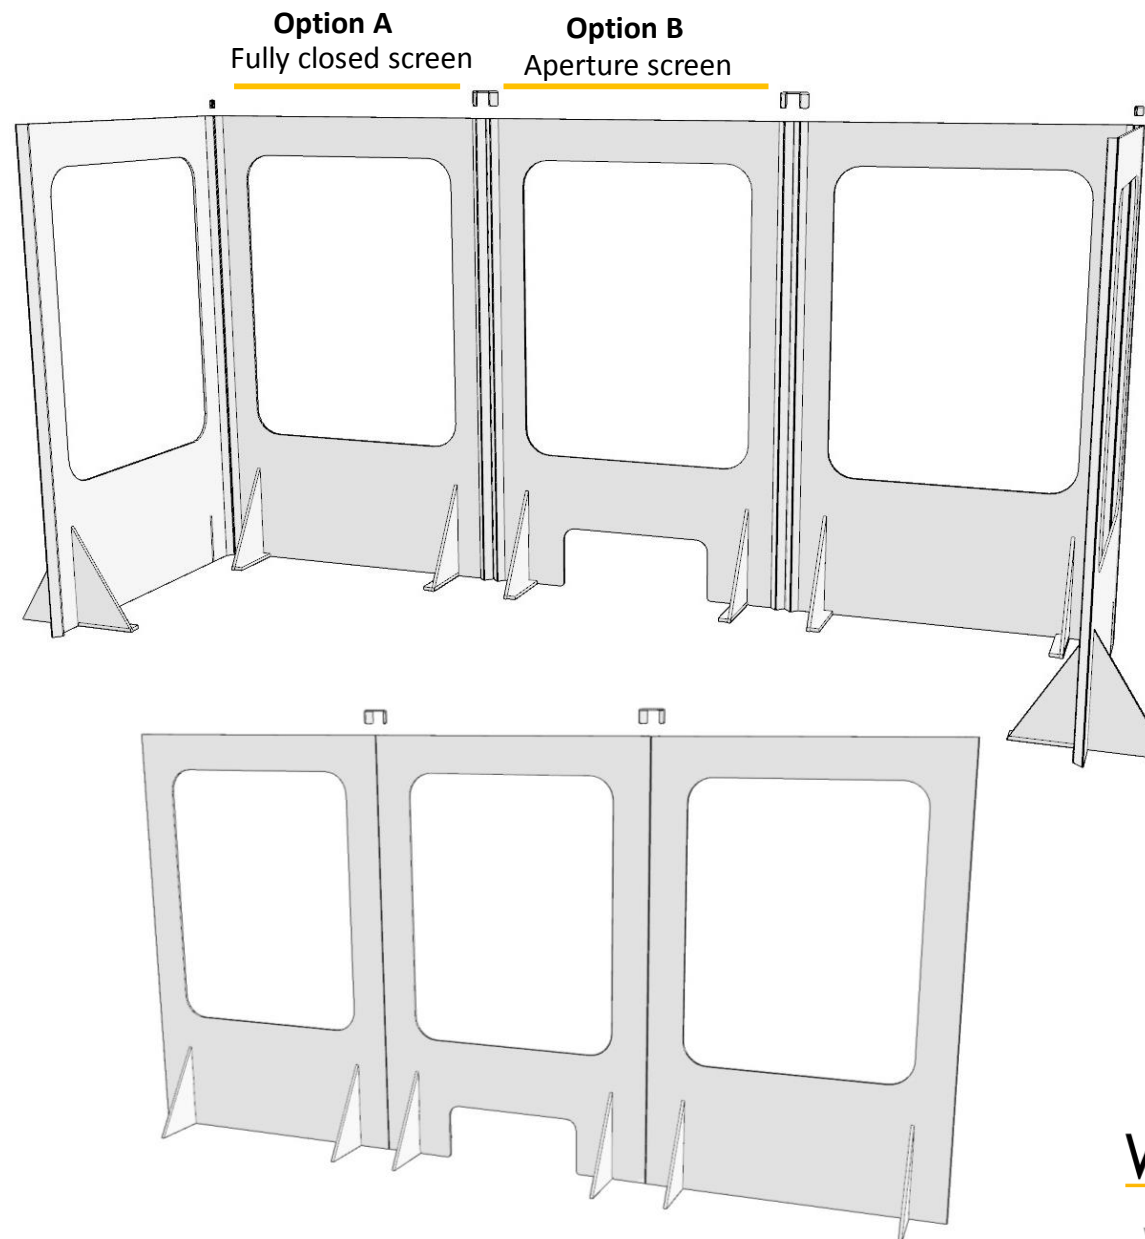

Option A - Fully closed off screen guard.

Option B - Access aperture at base of screens for reduced contact.

Mix & match option available with both designs.

Clip together screens offer strong and robust solution.

Can be easily disposed of or replaced if required.

The fine print..

Material

Our products are always finished to the highest of standard, but due to the nature of the material there may be some vary small marks upon close inspection on any of the aluminium products. Some screen widths may vary slightly dependant on stock and time of order.

Stock

We hold a high quantity of raw material stock. However due to the high demand of screens we are unable to reserve stock. Stock will be allocated upon receipt of order.

Lead time

Lead times will vary dependant on order size, we cannot confirm exact lead times until placement of order. We hold large stocks all of the raw materials and products are made to orders.

Artwork

Artwork design time will be charged at £20 per design, on orders below £250. This service will be free of charge for orders above this amount. (1 full set of artwork per item only).

Delivery

Delivery is not included with any of our products, but can be arranged and quoted for at the time of ordering. Delivery options to mainland UK only. Collections are also available but with strict social distancing guidelines.

VAT

All prices shown are exclusive of VAT.
VAT will be added upon order.

Bespoke Items

All of our products can be customised to your requirements and we are happy to accommodate your needs. Bespoke orders will be subject to a minimum quantity order, subject to the types of change you would like.
